Sir:

INFORMATION DISCLOSURE STATEMENT UNDER 37 C.F.R. § 1.97(b)

Pursuant to 37 C.F.R. §§ 1.56 and 1.97(b), Applicants bring to the attention of the Examiner the listed documents on the attached IDS Form PTO/SB/08 Form. This Information Disclosure Statement is being filed concurrently with a Request for Continued Examination ("RCE"), and before the mailing date of a first Office Action in the above-referenced application.

Copies of the listed foreign and non-patent literature documents are attached. Copies of the U.S. patents, patent application publications, co-pending applications and respective office actions are not enclosed as they are available on the Imaged File Wrapper of PAIR.

The United States Court of Appeals for the Federal Circuit held in *Dayco Products, Inc. v. Total Containment, Inc.*, 329 F.3d 1358, 66 U.S.P.Q.2d 1801 (Fed. Cir. 2003), that an “adverse decision” by another examiner may meet the materiality standard under the amended Rule 56, and thus, Applicants should disclose prior rejections of “substantially similar claim[s]” to the Office. See also M.P.E.P. § 2001.06(b). Accordingly, although Applicants are not representing that the Office Actions in the co-pending applications are material to the present application and are not admitting that any of the other claims are substantially similar, out of an abundance of caution, Applicants have listed the substantive Office Actions in co-pending applications on the attached form.

Applicants respectfully request that the Examiner consider the listed documents and indicate that they were considered by making appropriate notations on the attached form.
